WHY CHOOSE A CAREER IN AG?

Agricultural production and processing in Minnesota plays a huge role in the state's economy. Minnesota ranks fifth in the nation in agricultural production at \$16.7 billion. The state's agriculture industry exports \$7.1 billion worth of goods each year. Minnesota also ranks in the top five for multiple agriculture categories such as first in turkeys raised, second in hogs, third in soybeans and first in sugar beet processing

CAREER PATHS IN AGRICULTURE AND FOOD INDUSTRY

4-YEAR OR MORE COLLEGE DEGREE AND/OR EQUIVALENT EXPERIENCE

Environmental Engineers

Research, design, plan, or perform engineering duties in the prevention, control, and remediation of environmental hazards using various engineering disciplines. Work may include waste treatment, site remediation, or pollution control technology.

Environmental Scientists and Specialists, including Health

Conduct research or perform investigation for the purpose of identifying, abating, or eliminating sources of pollutants or hazards that affect either the environment or the health of the population. Using knowledge of various scientific disciplines, may collect, synthesize, study, report, and recommend action based on data derived from measurements or observations of air, food, soil, water, and other sources.

Veterinarians

Diagnose, treat, or research diseases and injuries of animals. Includes veterinarians who conduct research and development, inspect livestock, or care for pets and companion animals.

1-2 YEAR COLLEGE DEGREE (OR CREDENTIAL)

Diesel Engine Specialists

Diagnose, adjust, repair, or overhaul buses and trucks, or maintain and repair any type of diesel engines. Includes mechanics working primarily with automobile or farm equipment and construction diesel engines.

Farm Equipment Mechanics and Service Technicians Diagnose, adjust, repair, or overhaul farm machinery and vehicles, such as tractors, harvesters, dairy equipment, and irrigation systems.

Environmental Science and Protection Technicians, Including Health

Perform laboratory and field tests to monitor the environment and investigate sources of pollution, including those that affect health, under the direction of an environmental scientist, engineer, or other specialist. May collect samples of gases, soil, water, and other materials for testing.

HIGH SCHOOL DIPLOMA OR GED AND/ OR EXPERIENCE

Butchers and Meat Cutters

Cut, trim, or prepare consumer-sized portions of meat for use or sale in retail establishments.

Waste and Wastewater Treatment Plant and System Operators

Operate or control an entire process or system of machines, often through the use of control boards, to transfer or treat water or wastewater.

Farmworkers and Laborers, Crop, Nursery, and Greenhouse

Plan, direct, or coordinate the management or operation of farms, ranches, greenhouses, aquacultural operations, nurseries, timber tracts, or other agricultural establishments. May hire, train, and supervise farm workers or contract for services to carry out the day-to-day activities of the managed operation. May engage in or supervise planting, cultivating, harvesting, and financial and marketing activities.

Agricultural Equipment Operators Drive and control farm equipment to till soil and to plant, cultivate, and harvest crops. May perform tasks, such as crop baling or hay bucking. May operate stationary equipment to perform post-harvest tasks, such as husking, shelling, threshing, and ginning.

CAREER PATHS IN CONSTRUCTION

4-YEAR OR MORE COLLEGE DEGREE AND/OR EQUIVALENT EXPERIENCE

ARCHITECTURAL & ENGINEERING MANAGER

Plan, direct or coordinate activities in such fields as architecture, engineering or research and development.

CIVIL ENGINEER Perform engineering duties in planning, designing, and overseeing construction and maintenance of building structures, and facilities, such as roads, railroads, airports, bridges, harbors, channels, dams, irrigation projects, pipelines, power plants, and water and sewage systems. Includes architectural, structural, traffic, ocean, and geo-technical engineers.

CONSTRUCTION MANAGER Plan, direct or coordinate, usually through subordinate supervisory personnel, activities concerned with the construction and maintenance of structures, facilities, and systems. Participate in the conceptual development of a construction project and oversee its organization, scheduling, budgeting, and implementation. Includes managers in specialized construction fields, such as carpentry or plumbing.

1-2 YEAR COLLEGE DEGREE OR APPRENTICESHIP

CARPENTER

Construct, erect, install or repair structures and fixtures made of wood, such as concrete forms; building frameworks, including partitions, joists, studding, and rafters; and wood stairways, window and door frames, and hardwood floors. May also install cabinets,

siding, drywall and batt or roll insulation.

ELECTRICIAN

Install, maintain, and repair electrical wiring, equipment, and fixtures. Ensure that work is in accordance with relevant codes. May install or service street lights, intercom systems or electrical control systems.

HEATING, AIR CONDITIONING & REFRIGERATION MECHANIC AND INSTALLER

Install or repair heating, central air conditioning or refrigeration systems, including oil burners, hot-air furnaces, and heating stoves.

PLUMBER, PIPEFITTER, & STEAMFITTER

Assemble, install, alter, and repair pipelines or pipe systems that carry water, steam, air, or other liquids or gases. May install heating and cooling equipment and mechanical control systems. Includes sprinkler fitters.

HIGH SCHOOL DIPLOMA OR GED AND / OR EXPERIENCE

FIRST LINE CONSTRUCTION WORKER SUPERVISOR

Direct construction personnel. Coordinate construction project activities. Review blueprints. Inspect equipment.

OPERATING ENGINEER / OTHER CONSTRUCTION EQUIPMENT OPERATOR

Operate one or several types of power construction equipment, such as motor graders, bulldozers, scrapers, compressors, pumps, derricks, shovels, tractors or front-end loaders to excavate, move, and grade earth, erect structures or pour concrete or other hard surface pavement. May repair and maintain equipment in addition to other duties.

CONSTRUCTION LABORER

Perform tasks involving physical labor at construction sites. May operate hand / power tools such as air hammers, earth tampers, cement mixers, small mechanical hoists, surveying and measuring equipment, and a variety of other equipment and instruments. May clean and prepare sites, dig trenches, and set braces to support the sides of excavations.

CEMENT MASON / CONCRETE FINISHER

Smooth and finish surfaces of poured concrete, such as floors, walks, sidewalks, roads, or curbs using a variety of hand and power tools. Align forms for sidewalks, curbs, or gutters; patch voids; and use saws to cut expansion joints.

HIGHWAY MAINTENANCE WORKER

Maintain highways, municipal and rural roads, airport runways, and rights-of-way. Duties include patching broken or eroded pavement, repairing guard rails, highway markers, and snow fences. May also mow or clear brush from along roads or plow snow from roadway.

PAINTER, CONSTRUCTION, & MAINTENANCE

Paints walls, equipment, buildings, bridges, and other structural surfaces using brushes, rollers, and spray guns. May remove old paint to prepare surface prior to painting. May mix colors or oils to obtain desired color or consistency.

WHY CHOOSE A CAREER IN EDUCATION?

Choosing education as a career allows you to make a lasting difference in students' lives. Each day you are able to work with inquisitive young minds, inspiring and motivating them to achieve their potential. Educators can work with students at the pre-school level all the way through adult education; they can make an impact in the classroom and/or choose more of an administrative role. Is a career in Education right for you?

CAREER PATHS IN Government and Public Administration

4-YEAR OR MORE COLLEGE DEGREE AND/OR EQUIVALENT EXPERIENCE

Emergency Management Directors

Plan and direct disaster response or crisis management activities, provide disaster preparedness training, and prepare emergency plans and procedures for natural (e.g., hurricanes, floods, earthquakes), wartime, or technological (e.g., nuclear power plant emergencies or hazardous materials spills) disasters or hostage situations.

Compliance Officers Examine, evaluate, and investigate eligibility for or conformity with laws and regulations governing contract compliance of licenses and permits, and perform other compliance and enforcement inspection and analysis activities not classified elsewhere.

Property Appraisers and Assessors

Appraise real property and estimate its fair value. May assess taxes in accordance with prescribed schedules.

Financial Examiners Enforce or ensure compliance with laws and regulations governing financial and securities institutions and financial and real estate transactions. May examine, verify, or authenticate records.

Urban and Regional Planners

Develop comprehensive plans and programs for use of land and physical facilities of jurisdictions, such as towns, cities, counties, and metropolitan areas.

Occupational Health and Safety

Specialists Review, evaluate, and analyze work environments and design programs and procedures to control, eliminate, and prevent disease or injury caused by chemical, physical, and biological agents or ergonomic factors. May conduct inspections and enforce adherence to laws and regulations governing the health and safety of individuals. May be employed in the public or private sector. Includes environmental protection officers.

Statistical Assistants Compile and compute data according to statistical formulas for use in statistical studies. May perform actuarial computations and compile charts and graphs for use by actuaries. Includes actuarial clerks.

HIGH SCHOOL DIPLOMA OR EQUIVALENT

Occupational Health and Safety

Technicians Collect data on work environments for analysis by occupational health and safety specialists. Implement and conduct evaluation of programs designed to limit chemical, physical, biological, and ergonomic risks to workers.

Court, Municipal, and License

Clerks Perform clerical duties for courts of law, municipalities, or governmental licensing agencies and bureaus. May prepare docket of cases to be called; secure information for judges and court; prepare draft agendas or bylaws for town or city council; answer official correspondence; keep fiscal records and accounts; issue licenses or permits; and record data, administer tests, or collect fees.

Eligibility Interviewers, Government Programs

Determine eligibility of persons applying to receive assistance from government programs and agency resources, such as welfare, unemployment benefits, social security, and public housing.

Transportation Inspectors

Inspect equipment or goods in connection with the safe transport of cargo or people. Includes rail transportation inspectors, such as freight inspectors; rail inspectors; and other inspectors of transportation vehicles, not elsewhere classified.

WHY CHOOSE A CAREER IN HEALTH CARE?

According to DEED's 2020-2030 Employment projections, Minnesota is projected to see an additional 66,144 replacement and net new openings for healthcare practitioners and technical occupations, an increase of 8.1%, while an additional 141,270 replacement and net new openings in healthcare support are projected, an 18.6% increase. In all, openings in the two healthcare categories are projected to make up 14% of the total job openings projected for this time period. Because of this healthy projected growth and large numbers of labor market exits to replace, there are many health care-related occupations that will see a future need, at every education level and are also in high demand according to DEED's Occupations in Demand.

CAREER PATHS IN HEALTH CARE

MASTER'S DEGREE

NURSE PRACTITIONER Diagnose and treat acute, episodic or chronic illness, independently or as part of a healthcare team. May focus on health promotion and disease prevention. May order, perform or interpret diagnostic tests such as lab work and X rays. May prescribe medication. Must be registered nurses who have specialized graduate education.

PHYSICIAN ASSISTANT Provide healthcare services typically performed by a physician, under the supervision of a physician. Conduct complete physicals, provide treatment, and counsel patients. May, in some cases, prescribe medication. Must graduate from an accredited educational program for physician assistants.

4-YEAR OR MORE COLLEGE DEGREE AND/OR EQUIVALENT EXPERIENCE

DIETITIANS AND NUTRITIONISTS Plan and conduct food service or nutritional programs to assist in the promotion of health and control of disease. May supervise activities of a department providing quantity food services, counsel individuals, or conduct nutritional research.

MEDICAL AND HEALTH SERVICES MANAGER Plan, direct or coordinate medical and health services in hospitals, clinics, managed care organizations, public health agencies or similar organizations.

MENTAL HEALTH AND SUBSTANCE ABUSE COUNSELOR Counsel and advise individuals, families, or groups to prevent or treat substance abuse problems, behavioral disorders, or a broad range of mental health issues in order to promote optimum mental and emotional health.

ASSOCIATE'S DEGREE* OR POSTSECONDARY NON-DEGREE AWARD**

RADIOLOGIC TECHNOLOGIST*

Take X rays and CAT scans or administer nonradioactive materials into patient's blood stream for diagnostic purposes. Includes technologists who specialize in other scanning modalities.

REGISTERED NURSE* Assess patient health problems and needs, develop and implement nursing care plans, and maintain medical records. Administer nursing care to ill, injured, convalescent or disabled patients. May advise patients on health maintenance and disease prevention or provide case management. Licensing or registration required.

SURGICAL TECHNOLOGIST*

Assist in operations, under the supervision of surgeons, registered nurses or other surgical personnel. May help set up operating room, prepare and transport patients for surgery, adjust lights and equipment, pass instruments and other supplies to surgeons and surgeon's assistants, hold retractors, cut sutures, and help count sponges, needles, supplies, and instruments.

LICENSED PRACTICAL AND LICENSED VOCATIONAL NURSE**

Care for ill, injured or convalescing patients or persons with disabilities in hospitals, nursing homes, clinics, private homes, group homes, and similar institutions. May work under the supervision of a registered nurse. Licensing required.

MEDICAL ASSISTANT**

Perform administrative and certain clinical duties under the direction of a physician. Schedule appointments, maintain medical records, bill and code information for insurance purposes as well as take and record vital signs and medical histories, prepare patients for an exam, draw blood, and administer medications as directed by physician.

NURSING ASSISTANT** Provide basic patient care under direction of nursing staff. Feed, bathe, dress, groom or move patients or change linens. May transfer or transport patients. Includes nursing care attendants, nursing aides, and nursing attendants.

HIGH SCHOOL DIPLOMA OR GED / ON-THE-JOB TRAINING

OPTICIANS, DISPENSING Design, measure, fit, and adapt lenses and frames for client according to written optical prescription or specification. Assist client with inserting, removing, and caring for contact lenses as well as selecting frames. Measure customer for size of eyeglasses and coordinate frames with facial and eye measurements and optical prescription. Prepare work order for optical laboratory containing instructions for grinding and mounting lenses in frames. Verify exactness of finished lens spectacles. Adjust frame and lens position to fit client. May shape or reshape frames.

PHARMACY TECHNICIAN Prepare medications under the direction of a pharmacist. May measure, mix, count out, label, and record amounts and dosages of medications according to prescription orders.

Plan, direct, or coordinate the activities of a social service program or community outreach organization.

Clinical, Counseling, & School Psychologists

Diagnose and treat mental disorders; learning disabilities; and cognitive, behavioral, and emotional problems, using individual, child, family, and group therapies.

Rehabilitation Counselors Counsel individuals to maximize the independence and employability of persons coping with personal, social, and vocational difficulties that result from birth defects, illness, disease, accidents, or the stress of daily life.

Child, Family, and School Social Workers

Provide social services and assistance to improve the social and psychological functioning of children and their families and to maximize the family well-being and the academic functioning of children.

Mental Health & Substance Abuse Social Workers

Assess and treat individuals with mental, emotional, or substance abuse problems, including abuse of alcohol, tobacco, and/or other drugs.

1-2 YEAR COLLEGE DEGREE

Manicurists and Pedicurists

Clean and shape customers' fingernails and toenails. May polish or decorate nails.

Massage Therapist

Perform therapeutic massages of soft tissues and joints.

Hairdressers, Hair Stylists, & Cosmetologists

Provide beauty services, such as shampooing, coloring cutting, and styling hair, and massaging and treating scalp. May apply makeup, dress wigs, perform hair removal, and provide nail and skin care services.

HIGH SCHOOL DIPLOMA OR EQUIVALENT

Social & Human Service Assistants

Assist in providing client services in a wide variety of fields, such as psychology, rehabilitation, or social work, including support for families.

Community Health Workers

Assist individuals and communities to adopt healthy behaviors. Conduct outreach for medical personnel or health organizations to implement programs in the community that promote, maintain, and improve individual and community health.

Personal & Home Care Aides Assist the elderly, convalescents, or persons with disabilities with daily living activities at the person's home or in a care facility. Duties performed at a place of residence may include keeping house (making beds, doing laundry, washing dishes) and preparing meals.

Child Care Workers Attend to children at schools, businesses, private households, and childcare institutions. Perform a variety of tasks, such as dressing, feeding, bathing, and overseeing play.

Fitness Trainers & Aerobics Instructors

Instruct or coach groups or individuals in exercise activities.

CAREER PATHS IN INFORMATION TECHNOLOGY

CAREER PATHS IN INFORMATION TECHNOLOGY

4-YEAR OR MORE COLLEGE DEGREE AND/OR EQUIVALENT EXPERIENCE

Computer & Information Systems Managers Plan, direct, or coordinate activities in fields such as electronic data processing, information systems, systems analysis, and computer programming.

Computer Programmers Create, modify, and test the code, and script that allow computer applications to run. Work from specifications drawn up by software developers and web developers or other individuals. May develop and write computer programs to store, locate, and retrieve specific documents, data, and information.

Computer Systems Analysts Analyze science, engineering, business, and other data processing problems to implement and improve computer systems. Analyze user requirements, procedures, and problems to automate or improve existing systems and review computer system capabilities, workflow, and scheduling limitations. May analyze or recommend commercially available software.

Network & Computer Systems Administrators Install, configure, and maintain an organization's local area network (LAN), wide area network (WAN), and data communications network, operating systems, and physical and virtual servers. Perform system monitoring and verify the integrity and availability of hardware, network, and server resources and systems. Review system and application logs and verify completion of scheduled jobs, including system backups. Analyze network and server resource consumption and control user access. Install and upgrade software and maintain software licenses. May assist in network modeling, analysis, planning, and coordination between network and data communications hardware and software.

1-2 YEAR COLLEGE DEGREE (OR CREDENTIAL)

Computer Network Support Specialists Analyze, test, troubleshoot, and evaluate existing network systems, such as local area network (LAN), wide area network (WAN), cloud networks, servers, and other data communications networks. Perform network maintenance to ensure networks operate correctly with minimal interruption.

Computer User Support Specialists Provide technical assistance to computer users. Answer questions or resolve computer problems for clients in person, via telephone, or electronically.

May provide assistance concerning the use of computer hardware and software, including printing, installation, word processing, electronic mail, and operating systems.

Web and Digital Interface Designers Design digital user interfaces or websites. Develop and test layouts, interfaces, functionality, and navigation menus to ensure compatibility and usability across browsers or devices. May use web framework applications as well as client-side code and processes.

HIGH SCHOOL DIPLOMA OR GED / ON-THE-JOB-TRAINING

Telecommunications Equipment Installers and Repair

Install, set-up, rearrange, or remove switching, distribution, routing, and dialing equipment used in central offices or headends. Service or repair telephone, cable television, internet, and other communications equipment on customers' property. May install communications equipment or communications wiring.

CAREER PATHS IN LAW, PUBLIC SAFETY, CORRECTIONS, AND SECURITY

4-YEAR OR MORE COLLEGE DEGREE AND/OR EQUIVALENT EXPERIENCE

First-Line Supervisor/ Manager of Police & Detectives Directly supervise and coordinate activities of members of police force.

Lawyer Represent clients in criminal and civil litigation and other legal proceedings, draw up legal documents, or manage or advise clients on legal transactions. May specialize in a single area or may practice broadly in many areas of law.

Detective & Criminal Investigator Conduct investigations related to suspected violations of Federal, State, or local laws to prevent or solve crimes.

Probation Officer & Correctional Treatment Specialist Provide social services to assist in rehabilitation of law offenders in custody or on probation or parole. Make recommendations for actions involving formulation of rehabilitation plan and treatment of offender, including conditional release and education and employment stipulations.

1-2 YEAR COLLEGE DEGREE

Police & Sheriff's Patrol Officers Maintain order and protect life and property by enforcing local, tribal, State, or Federal laws and ordinances. Perform a combination of the following duties: patrol a specific area; direct traffic; issue traffic summonses; investigate accidents; apprehend and arrest suspects, or serve legal processes of courts.

Paralegal & Legal Assistant Assist lawyers by investigating facts, preparing legal documents, or researching legal precedent. Conduct research to support a legal proceeding, to formulate a defense, or to initiate legal action.

Emergency Medical Technician (EMT) & Paramedic Assess injuries, administer emergency medical care, and extricate trapped individuals. Transport injured or sick persons to medical facilities.

HIGH SCHOOL DIPLOMA OR EQUIVALENT

First-Line Supervisor/ Manager of Fire Fighting & Prevention Workers Directly supervise and coordinate activities of workers engaged in fire fighting and fire prevention and control.

Fire Fighter Control and extinguish fires or respond to emergency situations where life, property, or the environment is at risk. Duties may include fire prevention, emergency medical service, hazardous material response, search and rescue, and disaster assistance.

Correctional Officers and Jailers Guard inmates in penal or rehabilitative institutions in accordance with established regulations and procedures. May guard prisoners in transit between jail, courtroom, prison, or other point. Includes deputy sheriffs and police who spend the majority of their time guarding prisoners in correctional institutions.

Public Safety Telecommunicator Operate radio, telephone, or computer equipment at emergency response centers. Receive reports from the public of crimes, disturbances, fires, and medical or police emergencies. Relay information to law enforcement and emergency response personnel. May maintain contact with caller until responders arrive.

Security Guard Guard, patrol, or monitor premises to prevent theft, violence, or infractions of rules. May operate x-ray and metal detector equipment.

Legal Secretary Perform secretarial duties using legal terminology, procedures, and documents. Prepare legal papers and correspondence, such as summonses, complaints, motions, and subpoenas. May also assist with legal research.

WHY CHOOSE A CAREER IN MANUFACTURING?

The manufacturing industry is one of the largest and most influential sectors of the United States economy. Manufacturing provides just over 10% of total private sector jobs in the U.S., making it the third-largest industry in terms of employment. In Minnesota, Manufacturing accounts for 13% of private sector employment, ranking second. Wages in Manufacturing are 10% higher than the total of all industries.

CAREER PATHS IN MANUFACTURING

4-YEAR OR MORE COLLEGE DEGREE AND/OR EQUIVALENT EXPERIENCE

CIVIL ENGINEER Performs engineering duties in planning, designing, and overseeing construction and maintenance of building structures and facilities, such as roads, railroads, airports, bridges, harbors, channels, dams, irrigation projects, pipelines, power plants, and water and sewage systems.

INDUSTRIAL ENGINEER Design, develop, test, and evaluate integrated systems for managing industrial production processes, including human work factors, quality control, inventory control, logistics and material flow, cost analysis, and production coordination.

MECHANICAL ENGINEER Perform engineering duties in planning and designing tools, engines, machines, and other mechanically functioning equipment. Oversee installation, operation, maintenance, and repair of equipment such as centralized heat, gas, water, and steam systems.

1-2-YEAR COLLEGE DEGREE (OR CREDENTIAL)

ELECTRICAL AND ELECTRONICS ENGINEERING TECHNICIAN Apply electrical and electronic theory and related knowledge, usually under the direction of engineering staff, to design, build, repair, calibrate, and modify electrical components, circuitry, controls, and machinery for subsequent evaluation and use by engineering staff in making engineering design decisions.

INDUSTRIAL ENGINEERING TECHNICIAN Apply engineering theory and principles to problems of industrial layout or manufacturing production, usually under the direction of engineering staff. May perform time and motion studies on worker operations in a variety of industries for purposes such as establishing standard production rates or improving efficiency.

MACHINIST Set up and operate a variety of machine tools to produce precision parts and instruments. Includes precision instrument makers who fabricate, modify or repair mechanical instruments. May also fabricate and modify parts to make or repair machine tools or maintain industrial machines, applying knowledge of mechanics, mathematics, metal properties, layout, and machining procedures.

HIGH SCHOOL DIPLOMA OR GED / ON-THE-JOB TRAINING

FIRST-LINE SUPERVISOR/MANAGER OF PRODUCTION AND OPERATING WORKERS

Directly supervise and coordinate the activities of production and operating workers, such as inspectors, precision workers, machine setters and operators, assemblers, fabricators, and plant and system operators. Excludes team or work leaders.

FOOD BATCHMAKER Set up and operate equipment that mixes or blends ingredients used in the manufacturing of food products. Includes candy makers and cheese makers.

WELDER, CUTTER, SOLDERER, AND BRAZER

Use hand-welding, flame-cutting, hand soldering or brazing equipment to weld or join metal components or to fill holes, indentations or seams of fabricated metal products.
